

Clarkson™

Dear Md,

On behalf of the entire faculty and staff at the Clarkson University Graduate School, we are pleased to inform you of your acceptance to the Full-Time Materials Science and Engineering, PhD program for the 2020 Fall term. We are excited to extend you this offer of admission and we are confident that our program will meet your professional and personal needs.

To accept your admission to graduate study, please complete the following:

- [Admission reply form](#) located in your online application portal
- Enrollment deposit paid through your online application portal - if your program requires it, this fee will be applied toward tuition during your first term in our program
- International students - before Clarkson can issue an I-20 we must have the above items AND:
 - Completed confidential Certification of Finances
 - Supporting Financial Documentation
 - Shipping address for your I-20 documents (if none is provided, we will mail this to the mailing/home address provided on your application)
 - In addition - all students for whom English is a second language are required to complete a placement exam and fulfill any resulting requirements. The University will provide English for Academic Purposes (EAP) classes as needed. Credits for these courses are NOT counted towards graduation.

Financial Aid Information

We are pleased to offer you a merit-based Tuition Scholarship covering 30% of your tuition through the completion of your Materials Science and Engineering PhD program. This award requires that for the first year you be enrolled in the program for 10 credits for Fall 2020 and 10 credits for Spring 2021 (total of 20 credit hours). Based on your enrollment, your Partial Tuition Scholarship will provide a total of \$8,328.00.

This merit-based award expects that you will maintain a 3.0 average each semester. This award will be withdrawn if you do not maintain this minimum average. You are expected to comply with all the rules and regulations governing students at Clarkson University and this scholarship may be altered if you are transferring credits toward your Clarkson degree.

Please note: Before you will be activated in a Clarkson graduate program, your bachelor's degree must be completed. A final/official transcript must be sent for your file, if it has not been already.

Please feel free to contact us if you have any questions. We look forward to you joining Clarkson's graduate Materials Science and Engineering, PhD program!

Sincerely,

A handwritten signature in black ink, appearing to read 'Carmen Camp'. The signature is fluid and cursive, with the first name 'Carmen' and the last name 'Camp' clearly distinguishable.
